Key Relevant Experience

Shorewise Consulting I Director- Banking – India & ME I July 2024 – till date

As Director for the Banking sector across India and the Middle East, I lead business strategy, sales, and pre-sales initiatives within the BFSI domain. I drive revenue growth through client acquisition, solution positioning, and strategic

partnerships. My role involves overseeing the enhancement and market alignment of ShoreWise's flagship products, including WiseConnect, a robust middleware integration platform, Wise Genie, an AI-driven analytics solution, and the enterprise-grade compliance tool. I collaborate closely with cross-functional teams to shape product roadmaps based on evolving regulatory and technological landscapes, ensuring readiness for go-to-market (GTM) execution. My focus remains on delivering value-driven digital transformation solutions tailored to regional banking needs. business growth in these areas for India and the Middle East. I focus on enabling successful project rollouts, fostering strategic partnerships, and ensuring sustainable business outcomes.

Care Analytics & Advisory Pvt. Ltd. I Director- Product Management I March 2022 –June 2024

My primary responsibility involved fulfilling the organizations mandate to upgrade existing Risk & Compliance Solutions like Credit Risk, Operation Risk & ALM and also develop three new products viz. Early Warning Signals(EWS), Enterprise Fraud Risk Management(EFRMS) and Digital Lending Platform(DLP). I was leading a 30+ team of Domain SMEs and Technocrats who are responsible for building different product lines in the given product suite. My primary responsibilities include:

- ✚ Complete Product Governance from Planning, Resource Alignment, Product Development, Sprint Planning to Product Financial Planning, Budgeting and Capitalization process
- ✚ Orchestrating Techno-Functional participation in New Product Conceptualization right from Functional Feature Finalization, Frontend Ui/Ux Design, Backend Structures, Data Model, Common Framework, Product & Deployment Architecture to Certification Process.
- ✚ Product Strategy and Solutioning: Creating R&C and Analytics offerings for solutions to be pitched across regions, Product Break-Even Analysis, Product Sales and Marketing Strategy.
- ✚ Imparting domain and product training to business, technology & sales teams (Financial Crime, Credit Risk, Early Warning Signal etc.)
- ✚ Ensuring on-time GTM for the products and working closely with SMEs/Sales Team for market reach

Significant Achievements:

- ✚ Completed development of 6 Products in a span of 12 months
- ✚ Completed 3 GTMs for EWS, EFRMS & DLP
- ✚ Won two deals for new products – EWS & DLP
